

Become a 2027 GRO Water Stewardship **PILOT PARTNER**

EXCLUSIVE TO WATER FORUM ATTENDEES

Help shape what measurable water stewardship looks like in Arizona.

Selected partners will work with GRO through a defined 2027 pilot tailored to their site, priorities and operations.

Strengthen water stewardship

Better visibility and informed decision-making

Measurable outcomes

WHAT SELECTED PARTNERS CAN EXPECT

- Water stewardship baseline assessment
- Review of current practices, information and technology
- Prioritized stewardship road map
- Clear findings for operational and executive decision-making
- Opportunity to contribute to GRO's Arizona stewardship framework

STRONG PILOT CANDIDATES

- View water stewardship as a strategic priority
- Have an engaged executive sponsor or operational contact
- Can provide relevant site and water-use information
- Want measurable outcomes, not assumptions
- Are prepared to participate in interviews, reviews and shared learning

HOW SELECTION WORKS

SUBMIT AN EXPRESSION OF INTEREST

Tell us about your organization, priorities, readiness and desired outcomes.

GRO REVIEW

Submissions are evaluated for alignment, leadership commitment, potential impact and pilot readiness.

CANDIDATE INTERVIEW

Shortlisted candidates meet with GRO to discuss objectives, site conditions, available information and expectations.

PILOT SELECTION AND SCOPING

GRO selects 3–5 pilot opportunities and defines the scope, responsibilities and intended outcomes with each partner.
